Fish for a Flat-Screen TV Contest

java.sun.com/javaee/community/campaigns/gftv-052007/welcome.jsp

Blog about GlassFish for a chance to win a 52-inch LCD HDTV.
Contest runs May 1, 2007 to June 15, 2007.

GlassFish V2 Beta, the next major version of the open-source application server, provides enterprise features such as clustering, administration, WSIT, NetBeans IDE integration, native service-oriented architecture (SOA) support through Java Business Integration (JBI), and load balancing to support highly scalable, volume enterprise deployments for SOA and Web 2.0 applications.

Hurry! Act Now! The contest ends on June 15, 2007.
Submit your story today.
